Remember: At Complete Eye Care you receive a level of service above any other place.

- We offer free trial lenses to our patients should you tear or lose a lens.
- We happily replace any defective contact lenses for our patients.
- We can trade out boxes of contacts should your prescription change during the year.
- We offer free shipping on all one-year supplies of lenses.

This is a level of service you won't find from your computer or other "fast food" eyewear places.

We Did The Shopping For You

The doctors and staff at Complete Eye Care want to help you see the bottom line because **what appears to be a bargain is sometimes no bargain at all** in eyewear value.

Compare the prices for Varilux Physio Progressive lenses and the Office Lens. Varilux Physio, our most recommended lens, is the only progressive lens available with 8 patents providing the best vision at distance, intermediate, and near, as well as all distances in between.

All prices gathered in a survey April 2009

	Complete Eye Care	Lenscrafters	Sears	Wal-Mart	Sam's
Varilux Physio	\$325 <small>Takes about 4-5 days</small>	\$480 <small>Takes 10 days</small>	Not Available	Not Available	Not Available
Office Lens	\$200 <small>Takes about 4-5 days</small>	\$310	\$279	Not Available	Not Available

EXCLUSIVE TWO YEAR FRAME AND LENS WARRANTY

Complete Eye Care is the only place you can get our exclusive two year warranty. That means we replace your scratch coated lenses one time **at no additional charge** anytime in the two year period if they become scratched!

Complete Eye Care: Crizal lenses have a **free replacement warranty for two years**. No charge to replace lens one time in a two year period.

Lenscrafters: There is a \$240 charge to replace scratched Varilux lenses for one year. Second year it is \$480 to replace scratched lenses. Crizal lenses are not available.

Sears: \$140 to replace scratched lenses the first year. \$279 to replace lenses during the second year. Crizal lenses are not available.

As always, Drs. Vaher, Marcussen, and Wise will recommend the appropriate lens and frame option for you and your lifestyle.
